YMCA OF ORANGE COUNTY

The Kindergarten Time Program utilizes a well-balanced curriculum and a center-based classroom environment to extend the kindergarten learning experience beyond the traditional school day. The Kindergarten Program combines structured academic and enrichment activities with a fun and flexible learning environment, providing extended opportunities for your child's academic, social, and physical development.

The Kindergarten Time core components include:

- Language Arts/Literacy
- Science/Technology
- Construction/Problem Solving
- Mathematics/Manipulative Activities
- Arts and Humanities
- Character Development
